

**Adoption Processes:**

I take a great deal of care in matching families and puppies. As I know them best, I use an allocation process coupled with a few possible choices that match your requirements if you are high on the waiting list.

To go on the waiting list, a deposit of \$300 is paid. This is refundable, only if I am unable to supply a suitable pup. The likely wait will be discussed when you go on the waiting list.

I do temperament testing at 6 weeks to assess the pups. I try to match the most boisterous and busy pups with families who will use their drive and intelligence and give them lots of training and company. Less self-assured pups are carefully placed with quieter families. Then there are lots of mellow, confident pups in the middle!

To assist this process, if you are ready to put your name on the list, please fill out the below form and fax it back to us here at Kereru Labradoodles 09 438 3297.
